

We reviewed some portion taught in the last class on 11/22/09 for gender recognition and the application in a sentence.

The kids continue to learn more words to add to their vocabulary.

Today they read two short lessons “भोजन” and “मौसी ” for words with ओ and औ matras. They also practiced conversing about the meal (भोजन) they had today and the different tastes e.g. मीठा, नमकीन, तीखा, खट्टा, कडवा, मसालेदार, बेस्वाद ! etc.

An activity for singular/ plural was started and we will continue with the same in next class.

Homework:

Please read the lessons “भोजन” and “मौसी ” ALOUD.

Complete the written exercises at the end of each lesson on a separate sheet.
