

Marathi Advanced Class on Sunday, Dec 6

Dear parents,

We started our class by talking about the weather. Manasi and Gayatri did a nice job of presenting. Next week, Ruchi and Vinit will present 'Today's weather' in the class.

We learned words and sentences with 'am' sound. For eg.

Angan

Ghanta

Khandala

Ande

Kantala

--Mala sarakhe ande khaun kantala ala aahe.

--We played a game of coming up with words and sentences with 'Am' sound. Girls won that game.

Homework is to write 5 sentences with at least 2 words with 'am' sound in it. We will read a check which one of the students came up with a sentence with most words with 'am' sound. Repeating students will read sentences with 'au' sound in the handout.

Another homework is read some Marathi comics on Internet. One suggestion is 'Chintu' on esakal.com. Print 3 of your favorite jokes and paste it on a piece of paper. Bring it to share it with the rest of the class. Please print it in a bigger font/size so that kids can read it clearly.

We do check homework in the class, please make sure kids are doing their homework.

Thanks and regards,

Sujata
