

Dear Marathi Advanced class parents,

We started our class by saying Sukhkarta dukharta.... Please practice saying this aarti at home.

We started with sound "ei" as in keiri, eikane. First year students wrote the words beginning with this sound. We also did sentences with this sound- mi keiri khalli, mi babanche eikate, etc. Second year students wrote these sentences. Kids read some words, underlined the letter with "ei" sound in it. 2nd year students read some sentences with "ei" sound.

For homework,

1. Read the words with "ei" sound and highlight the words that you already know the meaning. First year students, write 5 words with ei sound. 2nd year students, write 5 sentences with "ei" sound in it.
2. Kids can read the story about "Maitri". Its about Diwali and Id. First year students are going to need a lot of help from their parents in doing that. Answer the last question (jodya lava). We will do other questions in the class when we come back.

There is no balvihar next week. Wishing you happy diwali and prosperous new year.
Thanks and regards,

Sujata
