

Marathi Beginner Summary for 12/13

Dear Parents,

We had a small class size on Sunday because many students were absent, so I did not introduce any new letters or topics. Instead I used the opportunity to review all the letters from the beginning of the year starting with Ta, Tha, etc. I also reviewed colors and shapes which were introduced on 12/6.

I am anticipating a small class next week also given that many of the children are on vacation in India; therefore, we will play Jeopardy to cover everything (letter, colors, shapes) they have learned so far. There is no written homework for this week, but please use this opportunity to review, so that they can play Jeopardy and win for their team.

Thanks,

Swapna and Ani
