

Marathi beginners class summary for Sunday January 24

Dear Parents,

Given that we will be giving the midterm exam next class on Sunday, January 31st, we reviewed all the material the children will be tested on during this class.

The exam will have written and oral components. The written portion will cover all the letters we have covered thus far: ta, tha, d, dha, na, pa, pha, ba, bha, ma, ya, ra, la. Second year students should be able to write the barakhadi for these letters. We will ask them to write some words.

We also reviewed the two "special topics": colors and shapes. The document for this is on the Plymouth Balvihar site at: <http://www.plymouthbalvihar.org/language/marathiB.php>. Choose the special topics document. This section will be part of the oral exam.

Please make sure the children come prepared to class with pencils and erasers.

Good luck!

Swapna and Ani
